Coast Defence 11, Asahi 3.

P. A. C.'s 5, Hawaii 1.

One frightful exhibition of the great international pastime and one good exhibition of the game filled in the card at Athletic Park yesterday afternoon, the Coast Defence boys defeating the Asahi in the frightful exhibition by a score of 11 to 3, while the P. A. C. trounced the Hawaii in the good contest by a score of 5 to 1.

In the first session of the double-header Manager Abe of the Asahi sent Yamashiro in as a pitcher, and for three innings and a half this young man pitched creditable ball. With the fourth inning partly over, the little brown men began to boot and bobble the ball, and when the spurs were again it was—had ended seven of the concrete defenders of the Stars and Stripes had wandered over the rubber. In the sixth round there was another spasm of agony for the fans and fanettes, and three more of the soldier boys crossed the rubber.

Fitching for the C. D. aggregation was "Handsome" Tye Lawick. The big fellow concluded last week to linger longer in Fair Hawaii, instead of hiking off to the mainland, and while among these present will do the slubwork for Manager Van Dusen's hired men.

As a header of the white rock, Handsome Jack was in good form, and good support and the punk playing of the Asahi gave him an easy victory.

Araki was the first of the players to take his place at bat, and he lifted a dinky fly in the neighborhood of third base. Mangum and O'Hara did the Alphonse and Gaston act and the pellet fell safely to earth. T. Uyeno fanned, Nishi went out on a grounder to first, and as Moriama fanned, nothing happened in the run line.

For the soldier boys, O'Hara was passed, stole second and then scored on Mangum's single after Lynch had fanned. Hundley poled a double to left, but Mangum was caught off third base on a snappy throw from Yamashiro, and Shay, by fanning, ended the inning.

Stage Great Rally in Ninth Frame But Fall One Short of What Punahou Had on Score Board.

(From Sunday Advertiser.)

Punahou 6, St. Louis 5.

St. Louis almost won a baseball game yesterday. Francis Bernardo Joy was again on the mound for the Saints and our retentive friend from the fair hills of Kaimuki pitched in clever fashion until he tore the skin from one of the digits of his hurling hand and had to don the street clothes.

When Barney bid goodbye to the diamond, the boss of the Saints, that is one of the five bosses, sent "Maui" Swan to the hill and "Maui" Swan, not having warmed up, was at a disadvantage. Before he could get going right, he had cut in with a wild pitch allowing a man to score and then two more rumped, which added to the three the Puns already had, just did give them the edge when the battle was pain.

Facing a lead of five runs the Saints came along in the ninth inning with a real live rally and through a liberal use of the war stick succeeded in sending four runners to the rubber. This, though, was one shy of a tie and the old coconut tree still shows the Saints at the stump of it, vainly trying to get started to the top.

As a ball game, it was a good one and the Saints showed up in far better style than ever before. Somebody must have served them tobacco with their midday lunch, for the boys were peppery and gingery and barring a mistake here and there were 100 per cent better than on previous occasions.

Three new men made their debut to Oahu League fans, what few were on hand, and these three men loan us an added strength to the line. Judd, who played a portion of the game in left field, and a portion in right, showed that he knows how to put his hands on a fly ball and he likewise seems to be a laddy who can hit 'em where they ain't.

Huston, a recruit at second base, fielded all right, but fell down with the war club, while Lichtman at short can play rings around the millionaires' shortstop from the mainland, Devine.

For the Puns, Mason was an added attraction and Migue is a pretty good sort of a ball player. He worked Barney for the only pass of the game, laid down a neat sacrifice and gathered one timely bingle.

At Detroit, Carigan's men won a hard hitting contest from the Tigers after the game seemed lost. Score—Boston 6, Detroit 6.

At Chicago, Comiskey's men out-gamed the Senators and the defeat had much to do with lessening Griffith's chances for the pennant. Score—Chicago 3, Washington 1.

CLEVELAND, August 8.—(Associated Press by Federal Wireless)—Concise Mack and his White Elephants began a series of four games here with the Naps yesterday and the first thing they did to Birmingham's crew was to whitewash them. Score—Philadelphia 4, Cleveland 0.

One day Cozy Dolan is winning games for the Cardinals and the next time he is showing them away. St. Louis critics all agree that he is one of the most erratic players in the big leagues.

The Chicago White Sox are a great home team this season. Of the thirty-nine games played on their own lot the Sox have won twenty-eight and lost eleven.

Pitcher Morton, who was recently recalled by the Naps from Waterbury, won ten straight in the Eastern Association and struck out fifteen men in one game.

We refuse to be surprised that Jack Johnson tried to fake his bout with Moran. This isn't the first time Johnson has tried a frame-up, and it only goes to substantiate the belief that Johnson is through and that almost any class fighter in the heavy division could beat him.

Martin Killaly, center fielder for the Seattle team, has told Manager Raymond that he will give him due notice before he hops to the Feds. Mind you, he does not admit that he is going to hop or is even wanted by the Feds. He merely promises to give the red-head notice when he goes. All of which is fair enough.

WRIGHT TO KEEP RECORDS.

Lieut. Col. William M. Wright, of the infantry, detailed to the adjutant general's department, who recently reported for duty in the adjutant general's office at the War Department, has been given charge of the efficiency records of officers of the army. He has been selected for this important duty on account of his extended personal acquaintance with the service and the confidence that officers have in his judgment. It will devolve upon him to put into effect a new system of keeping these records.

There were recently shipped to Japan a large quantity of tires to be used on airplanes. Both solid and pneumatic tires are used. The pneumatics come with the standard safety tread now being so widely advertised by the Goodrich company.

The possibilities of the tire business in Asia are just beginning to be realized, and the Asiatic agencies of the B. F. Goodrich company promise to do a large volume of business.

War Conditions in Europe Cause Those in Charge of Coming Celebration to Pass Resolutions Favoring Discontinuance of Plans for Mid-Pacific Mid-Winter Celebration.

(From Saturday Advertiser.)

At a meeting of the directors of the Mid-Pacific Carnival yesterday afternoon, the following statement, made by President E. H. Paris, was adopted as a resolution and its publication authorized for the benefit of stockholders in the carnival corporation, as well as other persons interested in the coming celebration:

"In view of the conditions of war existing in Europe at the present time, and the unfortunate results which necessarily must obtain from this serious conflict, we deem it best and proper for us to defer any further activity, for the present, at least, in preparing for the 1915 Carnival.

"This does not necessarily mean that the project will be abandoned altogether, as there may be certain features which we will wish to carry out in the observance of our national holiday, commemorating Washington's Birthday. It would seem, however, proper that we do not actively promote any general carnival at a time when our national friends are in such mortal conflict."

Following the making of the foregoing statement, there was some comment regarding the advisability of making public the directors' proposed action.

"We, as directors, are representing the interests of 2500 stockholders," said Treasurer E. A. Cooke. "They should be advised of any action we take."

President Paris' statement, converted into a resolution, was adopted with but one dissenting vote. Director General James D. Dougherty reported that he has been informed by H. Hackfeld & Co. that the costumes which have been ordered for the Circus Comique from a firm in Germany probably cannot be shipped during the present embargo in Europe.

In connection with the statement made by President Paris, Raymond Brown introduced the following resolution, which was unanimously adopted:

"Resolved, That the board of directors of the Mid-Pacific Carnival, that we are of the opinion that, owing to the unsettled condition in the European countries, which no doubt will continue to result in an intense interest in our country with a feeling of regret and depression among our members, that it is the sense of the directors that we request the Hawaii Promotion Committee to withhold any further expenditures on account of the proposed posters for the Carnival company until such a time as the directors of the carnival can determine whether, in view of the unsettled condition, we desire to proceed with the perfection of plans for the coming Carnival; and that the board of directors requests the Hawaii Promotion Committee to render us a bill of expenses incurred on our account to date."

Umpire Sheridan Gets Into Jam With Players

After a riot in the ninth inning of the Washington-Detroit game of July 30, in which police reserves were called to drive the crowd off the field, Detroit won in the tenth by a score of 3 to 2.

The riot started when Morgan was called out at first, and in recovering from a slide started toward Umpire Sheridan. The umpire struck Morgan and several Washington players joined in the argument. Catcher Ainsmith is said to have struck Sheridan, who was being held by several players.

Morgan and Ainsmith were ordered from the field, and as they were passing the grandstand Ainsmith jumped into the stand and exchanged blows with a spectator whose remarks he objected to. Henry was hit on the head by a chair thrown by a spectator when he attempted to interfere. The crowd then rushed on to the field, but were driven back by the police reserves.

The following day, Ben Johnson made a personal investigation of the affair and has announced the suspension of Ainsmith and Morgan of the Washington team.

Ainsmith is said to have struck Sheridan after the latter's altercation with Morgan, who was called out at first base. Other players and spectators joined in the argument, and eventually the police had to be called to stop the fighting.

SENSATIONAL NEWS COMES

(Continued from Page Six)

Yesterday's dispatch somewhat amplified that of the previous day, and said: "Yesterday an official request came to the State Department from Peking, asking the United States to authorize the American minister at Peking to unite with the Japanese minister in a request to the contending powers to recognize the neutrality of Chinese waters."

"A report from Peking is to the effect that a Japanese squadron has appeared off Kiao-Chau, the fortified German base."

Strong Probability.

The strong probability is that China's request has met a responsive reception at Washington, and that a vigorous representation has been made by Washington to Tokio in support of China's appeal.

Other portions of the Jiji dispatch do not bear the earmarks of probability. For example: It has a blustering tone. Although purporting to be the first communication upon the subject, it purports to threaten that the Atlantic fleet will go to Asiatic waters "at once."

This is not the language of diplomacy. It is not in pursuance of President Wilson's patient and long-suffering methods, as illustrated by his Mexican policy.
